After the games on Tuesdays, we can have a social time. We could take turns bringing appies!?!?!?

Conditions of play for Cutthroat 2018:

The draw will consist of groups of three players with equal (maybe?) skill levels, based on each player's previous week's games. The three highest ranking players, play against each other and then the next three highest ranking payers play against each other in a pyramid or ladder like fashion. Scoring will be **four** points for the bowl closes to the jack, **three** points for the second placed bowl **two** points for the third placed bowl and **one** point for the fourth placed bowl. Each player will play **four** bowls. The player, whose bowl was closes to the jack, will deliver the jack the next end.

The jack will be played where it comes to rest, provided it is a legal Jack, within the live playing area. If the jack is **out of bounds**, the next person sets the jack. After that it is set at the **2** meter mark.

Burnt ends are re-set at the 2 meter mark.

So, are you comin'???
