

Thursday Morning Ladies Pairs/Triples

This is not a competitive league but more for developmental practice and to introduce new players to the game. You are not obligated to play every week and if you cannot make it, please notify the organizer by email. You can also join this league at any time by emailing the organizer with your name, phone # and email address.

When you arrive at the Greens you place your tag in the appropriate bowl (Lead, Vice or Skip). When the Draw Master pulls your tag, you select a rink chip and proceed to the appropriate rink. This selection method is completely random increasing the chance that you get to play with different members each week.
