

# Osprey Challenge

Juan de Fuca started and hosted a tournament called the President's Cup; this was to honour our Club President(s). When the BSI inaugurated their version of The President's Cup, we needed to change our tournament's name to avoid confusion since the BSI President's Cup included all the South Island clubs. So, our President's Cup needed a name change and since we have (had) an abundance of Ospreys around our Greens' location, the Osprey Challenge was born. Rumour has it that the name change was assisted by an actual Osprey that did a fly by during the trophy presentation and made a deposit!!

## General Information:
