

LAWN BOWL FOR THE CURE

Juan de Fuca Lawn Bowls Club proudly hosted our 21st annual fundraising event on September 21st and 22nd in support of the **Canadian Cancer Society**. We are pleased to announce that we raised **\$8,052.62** during this year's event. Our total fundraising for the Canadian Cancer Society since 2003 is now **\$118,390.61**.

Once again, we had a total of 32 teams enter the tournament with 204 lawn bowlers of all ages participating. The weather threatened rain many times but fortunately for all concerned only delivered a few drops.

The happy, cheerful team from Trillium once again joined us with a tent full of goodies, the scones were the talk of the town! Mike Lee was the winner of the fabulous basket that Trillium donated and raffled off.

It was a tight race all the way to the end with the first-place team 2 points ahead of the second-place team and 3 points ahead of the third-place team. Congratulations to all who played and thank you once again for joining us in this fun tournament, your zest for the game and life is displayed for all to see in the bright smiles and outfits everyone wears!

1st Place- **Team Parkinson**
2nd Place- **Team Paugh (aka Propp)**
3rd Place- **Team Ming**

The organizers of the "**Lawn Bowl for the Cure**" thank the Juan de Fuca Lawn Bowls Club for the use of their four greens and clubhouse, and for providing a warm welcome to bowlers from across the region. A special thankyou is owed to the many volunteers who helped with kitchens "A" and "B", entering the scores, running the 50/50 and raffle draws, and setting up and cleaning up tables, chairs, tents, jacks, mats and bowl rakes.

Without the committed volunteers at the Juan de Fuca Law Bowls Club, this event could not continue to provide a fun experience for bowlers and raise funds for the Canadian Cancer Society.
