

FOODSAFE certification is required for at least one person working in the kitchen during permitted events. While not every event requires a permit, it is important to the club that we have volunteers with FOODSAFE certification.

As noted below, Gordon Head and the Saanich Lions are sponsoring a course on **May 31**. JdF will reimburse any club member who takes the course, with the expectation that they will volunteer in the kitchen from time to time. You can let Chris Hayman know, or—better yet—contact **Brian Morin (250-589-8709)** directly.
